Amadeus **GDS Hotels**

Trusted global hotel content.
Fully integrated.
Built for scale.

Your challenge

Travel sellers manage hotel content from an increasing number of sources. Keeping rates consistent, content standardized, and operations efficient across all of them creates real cost and complexity. At the same time, corporate and managed travel programs expect reliable access to negotiated rates, policy controls, and full-trip servicing within a single workflow.

Our solution

Amadeus GDS Hotels delivers standardized, bookable content from 120,000+ hotels across 320+ global chains and independents, fully integrated into your workflow and booking channels. Built on the **Amadeus Travel Platform**, it's fully automated, commissionable, and connected to mid- and back-office systems.

320+

chains worldwide

One platform, every channel

Book and service hotels alongside air, rail, and car all in one trip.

- 1. Real-time access** to global hotel brands and trusted content sources.
- 2. Standardized descriptions**, images, rates, and policies across all properties.
- 3. Seamless PNR integration** for end-to-end trip management.
- 4. Integrated via Amadeus Hotels Quick-Connect JSON APIs.**
- 5. Bookable** through Selling Platform Connect and Cytric.

Built into your workflow

Bookings flow directly into the PNR alongside the full trip, while automated processes reduce manual work and operational risk. Modify bookings for non-critical changes and manage hotel programs and negotiated rates centrally.

Simple, efficient booking

Search and compare options with consistent, standardized content, and access real-time availability, pricing, and policies. Reserve multiple rooms in one booking flow, with full visibility of rates, conditions, and commissions upfront.

What sets GDS Hotels apart

Built for managed corporate and business travel, with a commission-based model. Simple, transparent, and free of markup complexity. Trusted by TMCs and corporate programs worldwide, it delivers one connection, consistent operations, and scalable growth.

Rate transparency and control

- Access public, negotiated, and loyalty rates, all bookable in **Amadeus GDS Hotels**.
- **Loyalty Eligible and Program Member Rates** tagged in the booking flow, searchable across chains via one master code (LOH).
- Conduct basic **customer loyalty ID validation** at booking helping to ensure benefits are applied.
- Enforce **policy-compliant bookings** for corporate programs, with rate visibility controlled by Security Plus.
- **Standardized commissions**, no additional contracts required.
