Amadeus Hotels Quick-Connect: JSON API, Amadeus Selling Platform Connect, and ARI Push for caching and packaging.

Leisure Connect Plus – The next generation of Amadeus leisure hotel distribution.

From Implementation to Distribution

1

Amadeus Hotels Quick Connect (AHQC) integration

- Implementation project with a dedicated API consultant
- JSON API integration and certification

2

Leisure Connect Plus setup

- Private chain creation and setup
- Onboarding form, access, and initial bulk upload (if needed)

3

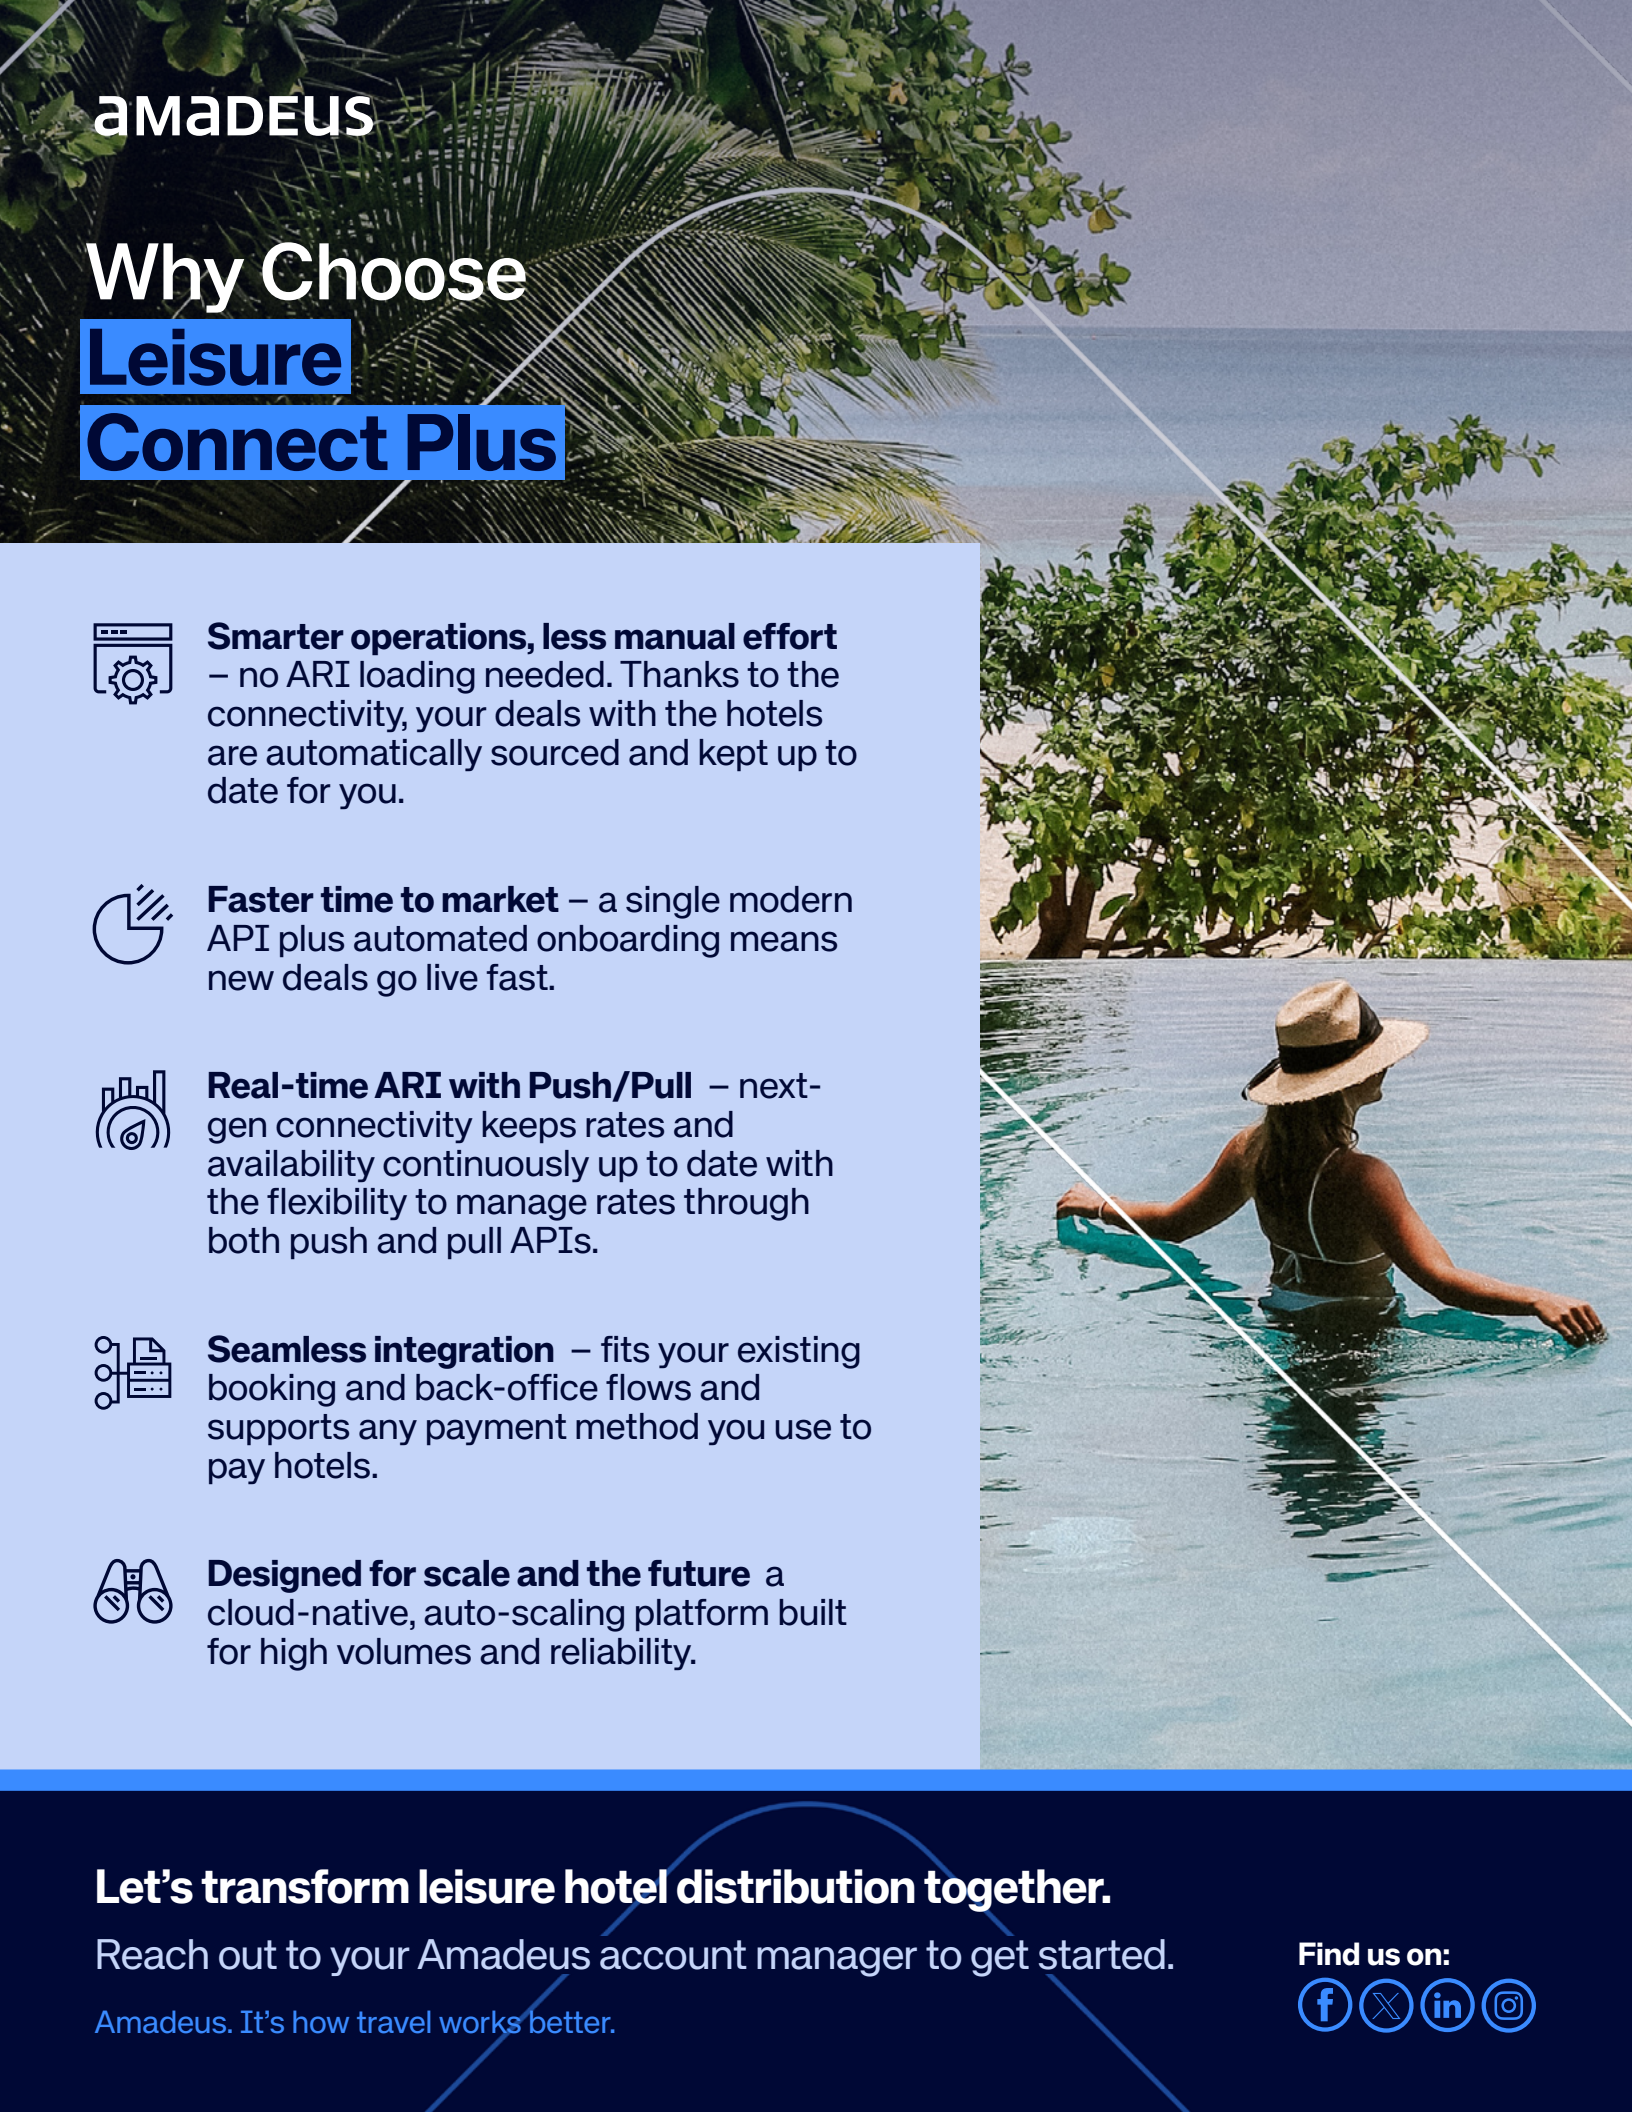

Hotel onboarding

- Hotels onboarded via online form, activated by Amadeus

4

Hotel selling

- Shop & book through the JSON API
- Push ARI (if needed, for packaging and product creation)

amadeus

Why Choose Leisure Connect Plus

Smarter operations, less manual effort – no ARI loading needed. Thanks to the connectivity, your deals with the hotels are automatically sourced and kept up to date for you.

Faster time to market – a single modern API plus automated onboarding means new deals go live fast.

Real-time ARI with Push/Pull – next-gen connectivity keeps rates and availability continuously up to date with the flexibility to manage rates through both push and pull APIs.

Seamless integration – fits your existing booking and back-office flows and supports any payment method you use to pay hotels.

Designed for scale and the future a cloud-native, auto-scaling platform built for high volumes and reliability.

Let's transform leisure hotel distribution together.
