All figures as of December 31, 2017.

- * Calculated as EBITDA minus capital expenditure plus changes in our operating working capital minus taxes paid minus interests and financial fees paid.
- ****** Competitive position is measured as our TA air bookings in relation to the TA air booking industry, defined as the total volume of travel agency air bookings processed by the global Central Reservation System (CRS). Excludes air bookings made directly through in-house airline systems or single country operators, the latter primarily in China, Japan and Russia.
- *** Includes both Altéa passengers boarded and New Skies passengers boarded.
