Display details, rates and conditions

So you don't waste time confirming the details from different providers, Amadeus Hotels shows everything on the same screen. Clicking on a hotel price will display all the possible rates, forms of payment and rooms available for the selected hotel in each provider. Among those forms of payment you will find **guarantee** and **pre-payment**, although this last one is linked to a credit line or to the conditions you have agreed with the provider.

With customer **ratings** you will have access to trusted traveler reviews about the selected hotel, its services or its facilities.

Book from the map

Once you have chosen the perfect combination, you will be able to book the hotel by clicking on the button “Book”. If you prefer, you can work from a map. For it, you will have to click on “Show hotels on map” in the search results screen.

Clicking on the price that appears on the map will take you to the rate information and hotel description. In this window you will have various options like “View rates”, that will show with full details the available rates for the chosen hotel.

Fill out traveler and payment information

After clicking on the “Book” button, you will be taken to the “Booking” page, where you will be able to fill in the traveller and payment information. The traveller information can be automatically populated from the PNR, as well as the method of payment from the agreement you have with the aggregator.

In this page you will be able to see once again the hotel details, the rate and its commission, you will be able to **add or modify your mark-up**, you will see your **estimated earnings**, you will be able to choose the **form of payment** and **confirm the rate's conditions**. You will also be able to include other services that you might need for your customer like flights, car rentals, etc. All of this without changing booking platform!
