

Amadeus Selling Platform Connect

Quarterly product update: Q3 2024

New enhancements. Key highlights. Productivity hacks.

Work easily and efficiently

Visualize applied filters on Air Shopping search results through intuitive, clickable badges.

NDC: Identify airline error messages during shopping and servicing for complementary questions.

NDC: Free Pax name update for unpaid orders

For American Airlines (AA), users will be able to seamlessly update any mistakes and make name corrections free of charge before the initial issuance of NDC bookings.

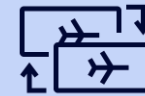

NDC: Upsells of Vueling Optima in Air Shopping

Display upsells of Vueling Optima fares on the Air Shopping result page.

For a given flight, you will now see more upfront fares, especially with baggage allowance.

NDC: Schedule-driven and Fare-driven exchange

You can now choose between Schedule-driven and Fare-driven exchange options for Lufthansa Group (LHG), ensuring a smooth process without the hassle of contacting the airline call center.

Carbon emissions in Air Shopping results

Effortlessly view carbon emission estimates directly within your shopping results. Make environmentally conscious choices using the new CO2 filter and sorting options.
